**Addendum 01**  
**to the**  
**BIDDING DOCUMENT (RFP)**  
**Consultant Service for designing and developing a Decision**  
**Support System (DSS) to enhance Emergency Preparedness**  
**and Response for Disaster Risk Reduction**  
**RFP No: SLMOI/CRES/DMC/C/QCBS/137**

**1.0 Background**

Following the Request for Proposals and issuance of the Proposals (RFP) by the Climate Resilience Multiphase Programmatic Approach (CResMPA) for the “**Consultant Service for designing and developing a Decision Support System (DSS) to enhance Emergency Preparedness and Response for Disaster Risk Reduction**” dated **August 11, 2025**, the CResMPA conducted a Pre-Proposal meeting on **August 22, 2025**. Based on the clarifications sought by the Consultants, it has been deemed necessary to provide additional information to further clarify certain aspects of the Proposal.

All Consultants are required to thoroughly review the information provided in **Addendum 01 and the issued Clarifications** in order to ensure the accurate and comprehensive preparation of both the Technical and Financial Proposals.

Any clarifications regarding **Addendum 01** must be submitted by the Consultants **on or before September 29<sup>th</sup>, 2025**. All clarifications must be addressed to the contact information provided in the Proposal. Any questions or clarifications submitted **after September 29<sup>th</sup>, 2025, will not be addressed** by the Climate Resilience Multiphase Programmatic Approach (CResMPA).

The Deadline for Submission of Proposals is extended **until 11:00 a.m. on October 08, 2025**.

## 2.0 Amendments to the original Proposal (RFP)

| SN | Section 2. Instructions to Consultants – Data sheet                                                                                         |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                        |
